PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of hands-on experience building and delivering enterprise-grade web and mobile applications. Specialized in Angular (frontend architecture) and .NET Core (RESTful APIs & microservices), with additional expertise in React JS and Flutter. Promoted to Senior/Lead role within 1 year. Consistently delivered 4+ production applications serving 500+ users, improving team development efficiency by 30% through reusable component libraries. Strong background in Agile delivery, client communication, and end-to-end SDLC.

TECHNICAL SKILLS

Frontend:	Angular (v12–17), React JS, TypeScript, JavaScript (ES6+), HTML5, CSS3, Angular Material, Bootstrap
Backend:	.NET Core, RESTful APIs, Microservices, API Integration, Node.js (Basic)
Mobile:	Flutter, BLoC Architecture, Cross-Platform Development
Database:	MySQL, Oracle DB
Cloud & Tools:	Microsoft Azure, Git, GitHub
Practices:	Agile/Scrum, System Design, Component-Based Architecture, Code Review, SDLC

PROFESSIONAL EXPERIENCE

Senior Software Engineer / Lead Developer
Mar 2023 – Present

CentraLogic Consultancy Pvt. Ltd | Pune, India

- Led architecture and full-stack development of 4+ enterprise applications using Angular, .NET Core, React JS, and Flutter, each serving 500+ active users in production.
- Built a reusable Angular component library used across 3 projects, reducing frontend development time by ~30% and improving code consistency.
- Designed and deployed RESTful .NET Core APIs supporting high-performance, scalable backends — reducing average API response time by 25%.
- Led a team of 5 engineers across 2-week Agile sprints; conducted daily standups, code reviews, and backlog grooming — achieving on-time delivery across all major milestones.
- Collaborated directly with clients at client locations to gather requirements, translate business needs into technical specs, and deliver production-ready software.
- Mentored 2 junior developers, establishing frontend coding standards and improving overall code quality and review turnaround time.
- Contributed to cloud-ready deployments on Microsoft Azure and established Git-based version control workflows across the team.

Software Engineer
Sep 2022 – Feb 2023

A2Z InfoTech Pvt. Ltd | Pune, India

- Developed responsive web interfaces using Angular, HTML5, CSS3, and Bootstrap for client-facing applications.
- Built backend features using Node.js and REST APIs, contributing to end-to-end delivery of web applications within tight deadlines.
- Collaborated in a team environment to deliver 2 web applications, gaining hands-on experience across the full development lifecycle.

KEY PROJECTS

HR Anexi — Enterprise Survey Platform | Angular, .NET Core *Sep 2024 – Present*

- Leading full-stack development of a large-scale employee survey platform with advanced reporting and data visualization dashboards.
- Implemented analytics features providing actionable HR insights for enterprise stakeholders managing 1,000+ employee responses.

Mentoria — Career Counselling Platform | Angular, REST APIs *Jul 2023 – Sep 2024*

- Developed core frontend modules for career assessments and personalized recommendation engine, improving platform engagement for 5,000+ registered users.
- Worked closely with product and business stakeholders to iterate rapidly and deliver features on schedule.

CRM Mobile Application | Flutter, BLoC Architecture *Jan 2024 – Sep 2024*

- Led cross-platform mobile app development using Flutter + BLoC for a CRM tool used by 200+ sales professionals.
- Translated complex client requirements into clean, maintainable mobile architecture with efficient state management.

HRMS Document Management Module | Angular *Mar 2023 – Jul 2023*

- Built a Google Drive-like document storage and sharing system with file versioning and role-based access control.
- Reduced manual document handling effort by 40% for the HR team through automated workflows and secure file management.

EDUCATION

Master of Computer Applications (MCA) — Savitribai Phule Pune University *2021 – 2023* | *77.08%*

Bachelor of Computer Applications (BCA) — Savitribai Phule Pune University *2018 – 2021* | *88.67%*

CERTIFICATIONS

- Back-End Development with .NET — Microsoft
- Advanced React — Meta
- Programming with JavaScript — Meta
- Agile Project Management — Google
- OKR Certification: Leadership and Goal Setting — Measure What Matters

KEY ACHIEVEMENTS

- Promoted to Senior Software Engineer & Lead Developer within 1 year based on strong technical delivery and leadership skills.
- Delivered 4+ enterprise production applications (Angular / .NET Core / Flutter) on time, serving 500+ users each.
- Reduced frontend development effort by ~30% by architecting reusable Angular component libraries adopted across multiple projects.
- Represented company at client sites and maintained 100% on-time milestone delivery across all projects.
